From garage to living space, and back again.

Create a comfortable space.

What if you could expand your living space whenever you wanted? Now you can with Breezy Living Screen Solutions, a convenient and affordable fully retractable screen unit that works seamlessly with the operation of your existing garage door. Just lower the screen when you need extra room for a party, a play area for the kids, a place to watch the big game with friends and many other uses.

The system leaves your garage floor track-free, and the practical door located within the screen provides easy entry and exit. Just instantly raise or lower the system anytime you need it.

Realize the possibilities.

Built using high-quality components made in the USA, the Breezy Living Screen Solutions system stores directly under your existing garage door.

It can accommodate a variety of screen materials to meet your specific needs. In addition to home use, Breezy Living Screen Solutions can be used with most commercial-type doors for workplace applications. Installation is simple and can be completed in approximately one to two hours.
