

STILLWATER III PLANT/TREE REPLACEMENT PROCEDURES

Plant Replacement Junipers - The Association will replace Junipers as they die with another Juniper or with an approved plant.

Juniper Replacement by Homeowners:

*The Homeowner may replace Junipers with approved plants at Homeowners expense:

1. ARC form to be completed
2. Copy of Plat indicating location to be replaced
3. TruScapes or RoJo Landscaping to remove and plant new approved plants in Juniper areas

Hardwood Trees:

The following trees are approved by The Board of Directors:

Live Oak, Little Jem Magnolia, Dogwood (variety for color), Christmas or Foxtail Palms

1. ARC form to be completed (indicating variety)
2. Plat of lot showing location
3. *Tree to be planted by TruScapes or RoJo Landscaping at Homeowners expense
4. Tree should be 12 feet from home, sidewalk, pavers and driveways

A copy of the approved Plant/Tree list is located in the Community Club House

- **Total cost of landscape project must be submitted to James at Sunvast by check made payable to Stillwater 3 prior to start of work.**

RoJo's Nursery & Landscape Design 3/09/19. Estimated price per plant
